3. Tax and residency

Due to various legislative requirements, the South African Revenue Service ("SARS") requires FNB SPM to obtain your certified Foreign Account Tax Compliance Act ("FATCA") / Common Reporting Standard ("CRS") classification and to collect and report certain information about an account holder's tax residency status. If you (or the account holder on whose behalf you are completing the form) have a tax obligation or tax residence outside of South Africa, or fall into a reportable classification, FNB SPM is legally obliged to pass on the information in this form to SARS.

As a financial institution, FNB SPM is not allowed to give tax advice; if you have any questions about this section or providing your classification, please speak to your tax advisor or local tax authority. You can also find out more at the Organisation for Economic Co-Operation and Development (OECD) automatic exchange of information website (www.oecd.org), which may assist you in determining your tax residency and classification.

The cost of your investment is calculated using the weighted average cost method. Should you elect an alternative method, we advise that you contact your tax advisor in this regard. Note that we are obliged to report certain amounts earned in your account to SARS as part of our obligation under the Tax Administration Act 28 of 2011 ("TAA"). The information reported to SARS will be provided to you in the form of an annual tax certificate. Should you have any queries around the information contained in the certificate, please speak to your portfolio manager or the dealing desk. Additionally, should you be unsure of how to use this information, please speak to your tax advisor.

Please complete this section and all withholding tax exemption declarations (interest or dividends) that may be relevant to you. Not doing so may result in processing delays or incorrect withholding tax being applied.

Please note that in addition to your declared tax residency, for any foreign indicators documented in this application, you are required to declare whether you have a tax obligation in this jurisdiction by completing the tax table below for each foreign indicator.

Please be aware that reporting of joint accounts to regulatory authorities is not possible under the current regulatory reporting model. Should you wish to open an account with one or more beneficial owner of the assets held therein, please be aware that only one tax certificate will be issued in the name of one of the account holders. As a result any proof of joint ownership when filing your tax return(s) will have to be furnished by yourself.

Annexure B: (FATCA/CRS) Controlling Person Details

If you are a Passive Non-Financial Entity or you are an Investment Entity, managed by a financial institution, please ensure that this Appendix is completed for all controlling persons of the account holder. Controlling persons are defined as natural persons who exercise control over an entity.

In the case of a trust such term means:

1. Trustee;
2. Founder;
3. Settlor;
4. Protector;
5. Beneficiaries (or class of beneficiaries); and
6. Via other means.

In the case of a legal arrangement other than a trust, such term means persons in equivalent or similar positions.

Generally controlling persons include:

1. Directors/Partners;
2. Shareholders;
3. Founder;
4. Senior managing official; and
5. Via other means.

Please note that should another entity effect control over the account holder, we will require a company organogram to inform us of the company structure. Additionally, we may request additional details in order to determine the ultimate beneficial owners of the assets, due to legislative reasons.

Should there be more than 5 controlling persons, please complete an additional Appendix A.
